Wow, another great news! Looks like we are A-Okay for backfilling the office! Woo Hoo!!

Hey Petey, when you get the chance, could you change the Th-232 value to 5.01pCi/g for SSAL. We are going to use 5.01pCi/g for Th-232 moving forward.

Thanks a bunch! Great Job!

Please see attached for the latest soil data compilation. Notable addition is the soil data from the Office Space.
